CONNECT

Building partnerships is key for achieving the Sustainable Development Goals. That is why we organise several gatherings for you and other member stakeholders within our network.

MAJOR NETWORKING EVENTS

- The New Year's reception, at the newly renovated and rebranded Africa Museum, to present our targets for 2019
- Our General Assembly to share our main achievements of 2018
- The SDG Forum, an even more ambitious edition than the one we successfully organised in 2018
- Global Compact event PRME Chapter Benelux, the Business Schools network
- The World Resources Forum on 'Closing Loops – Transitions at Work'
- The colloquium on "Which sustainable future for plastic?"

DO YOU WANT YOUR STRATEGY TO BE CHALLENGED BY THE GENERATION T(RANSITION)?

Let us know and we will organise a custom-made Generation T challenge! For more information, please contact catherine.naveau@theshift.be.

Do you know of any inspiring gatherings you want to share with our network? Do you feel certain issues should be highlighted by us? Please send an email to hi@theshift.be.

COMMIT

Your commitment to the Sustainable Development Goals (SDGs) is crucial to us. This year, we will help strengthen your colleagues' commitment to your organisation's sustainable development strategy.

- **Three breakfasts** will be organised to introduce you and your colleagues to the global SDG agenda
- Do you want more information on how to integrate the SDGs in your **corporate strategy**? We will hold two workshops on the 'ABC of the SDGs' this year
- We schedule a **meeting with the CSR Managers** to share the conclusions of the CSR Boosters program. We will present a brochure that will help you engage your colleagues by creating an internal network of ambassadors
- We will also organise a series of meetings for our members who actively work on **themes such as mobility, diversity and shared value** and who want to share their thoughts and best practices with others

We are always available to give a presentation on the SDGs to your colleagues. Please contact gaelle.janssens@theshift.be for more information.

CHANGE

This year too, The Shift wants to keep stimulating and facilitating impactful partnerships

- Green Deals are at the heart of what we do. They focus on food, biodiversity, mobility, city logistics and circular procurement. Please contact bart.corijn@theshift.be or eglantine.eeckhout@theshift.be for more information.
- We will continue to develop partnership initiatives within the framework of international cooperation, such as Beyond Chocolate and the call for projects Business Partnership Facilities. Please contact anthony.vanoverschelde@theshift.be for more information.
- In the context of our efforts to protect the environment, we participate in the project 'Sign for my Future'. We will also organise a debate on responsible investments and (internal) carbon pricing. Please contact charlotte.vroemans@theshift.be or bart.corijn@theshift.be to take part in these actions.

As the Belgian Local Network for the international organisations UNGC, WBCSD and CSR Europe, we will keep you up to date on these organisations' activities and share interesting related news.

You will find all practical details about our events on the Activities page on our website.
